# Committee Work

First : Member propose new additions to the List of Stabilised Plant Names

Second: The TCOMs give advice on the proposed additions

Third: The NOM discuss and vote the proposed new additions

Fourth: The NOM prepares proposed changes to the ISTA List of Stabilised Names

Fifth: The Proposed changes is presented for acceptance at the annual meeting (every six years)

# Committee Work

In 2024:

Proposed new additions of names to be reviewed by TCOMs

Technical changes (synonym vs. accepted name, corrections to authorship, updates to family names) to be reviewed by NOM

01-04 JULY CAMBRIDGE, UNITED KINGDOM

# Final Call for Additions to the Stabilised List

60 names have been submitted by member laboratories for proposed addition

Deadline to submit additional names: **31 July 2024** (send to [melanie.schori@usda.gov](mailto:melanie.schori@usda.gov))

Technical Committees will receive list for review in August 2024

Nomenclature Committee will discuss and vote on changes starting in September 2024

Proposed changes to the ISTA List of Stabilised Names, 8<sup>th</sup> edition, will be presented at 2025 Annual Meeting (new edition every 6 years)
