

Young@ISTA Project funding

The ECOM decided to create a special project to support the idea of Young@ISTA.

In a context of the Project ISTA will provide:

- One-time direct financial support in the ISTA events like workshops, trainings (including lab-to-lab training), annual meetings, congresses, conferences including travel bursary for attending the course in ISTA and also financial support for research publication may be included.
- The number of young @ ISTA supported financially will usually not exceed 5 individuals per year.
